### PRODUCT INFORMATION SHEET

#### Environmental Precautions and Soil Type Restrictions

Refer to the container label for additional use precautions and directions.

##### Environmental Precautions:

**AGRICULTURAL CHEMICALS HAVE THE POTENTIAL TO MOVE INTO SHALLOW GROUNDWATER. THE FOLLOWING RESTRICTIONS HAVE BEEN DEVELOPED TO PROTECT DRINKING WATER SUPPLIES.**

- Do not wash, load, or empty application equipment near any well, as this practice is a potential source of ground water contamination.
- In fields having soils with less than 15% field moisture holding capacity, special care must be taken not to over-irrigate, since substantial over-irrigation promotes the leaching of chemicals.

#### SOIL TYPE RESTRICTIONS

**If the water table is less than 25 feet below ground surface, do not apply to the following vulnerable loamy sand or sand soils. If the water table is unknown, do not apply EPIC DF Herbicide to a restricted soil.**
