

LASAR™

ACTIVE INGREDIENTS:

Oxyfluorfen: 2-chloro-1-(3-ethoxy-4-nitrophenoxy)-4-(trifluoromethyl) benzene	2.0%
Oxadiazon: 2-tert-butyl-4-(2,4-dichloro-5-isopropoxyphenyl)-delta2-1,3,4-oxadiazolin-5-one	1.0%
INERT INGREDIENTS:	97.0%
TOTAL	100.0%

KEEP OUT OF REACH OF CHILDREN
CAUTION AVISO

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Induce vomiting immediately by giving two glasses of water and sticking finger down throat. Call a physician. Never give anything by mouth to an unconscious person.

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

IF ON SKIN: Immediately flush skin with plenty of water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration. Get medical attention.

EPA REG. NO. 48234-10

EPA EST. NO. 48234-GA-1

Pre-Emergent Control

For Use In:

- Container
- Field Grown
- Landscape Ornamentals
- Foliage Crops

United Horticultural Supply

GENERAL INFORMATION

Lasar™ is a unique combination of active ingredients for a dry granule application giving the user a broader spectrum of weed control and ornamental plant tolerance. Lasar is not registered for use on any edible food crops. It has demonstrated effective utility on many ornamental plants as a pre-emergent herbicide, but if its use is not known on any given species - test applications under user conditions are recommended to demonstrate plant safety.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label before using this product.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling, and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is:

- Coveralls
- Waterproof Gloves
- Shoes plus socks

For use on container and field grown ornamentals. Lasar has been thoroughly researched, however, testing has not been conducted on all species or cultivars, or under all growing conditions. In some instances efficacy may vary.

This herbicide is a preemergent product, so it should be applied at recommended rate, prior to susceptible weed seed germination, with a suitable spreader which will assure accurate even particle distribution. Do not disturb soil surface once the product has been applied, as uniform placement is disrupted and herbicide effectiveness is thereby reduced. Applications should be made to weed free surfaces. Do not apply herbicide granules to wet foliage as phytotoxicity can result. For best results, rainfall or irrigation (approximately 1/2 inch) to water in the herbicide and to wash granules off the plant foliage is recommended.

Apply 2.3 lbs of product per 1000 sq. ft., or 100 lbs per acre. For continued weed control, repeat applications are recommended at 3-4 month intervals.

Lasar has shown excellent results when used on the following:

Container &/or Field Grown (General)

Abelia	*Euonymus	Pittosporum
Acacia	Forsythia	*Potentilla
Acer	Gardenia	Prunus

Container &/or Field Grown (General)

Araucaria	Hydrangea	Pyracantha
*Azalea (Rhododendron)	Hypericum *Ilex	Rhaphiolepis *Rhododendron
Berberis	Jasminum	Santolina
Betula	Juniperus	Schefflera
Buxus	Ligustrum	Spiraea
Callistemon	Lonicera	Syringa
Camellia	Magnolia	Taxus
Cercis	Mahonia	Thuja
Chamaecyparis	Nerium	Viburnum
Chamaedorea	Pachysandra	Weigela
Cornus	Photinia	Xylosma
Cotoneaster	Picea	
Cupressus	Pieris	
Cytisus	Pinus	
Escallonia	Quercus	

* Certain species of these genera may be sensitive to this herbicide. Use test plots to determine sensitive cultivars, if not known.

Pre-emergence control of the following weeds has been demonstrated when using Lasar at recommended rate, timing and proper techniques and conditions. Many other weed species may also be controlled.

Grassy Weeds:

Annual bluegrass	(Poa annua)
Barnyardgrass	(Echinochloa crusgalli)
Crabgrass	(Digitaria sanguinalis)
Goosegrass	(Eleusine indica)
Sprangletop	(Leptochloa uninervia)

Broadleaf Weeds:

Bittercress	(Cardamine pensylvanica)
Common Chickweed	(Stellaria media)
Cudweed	(Ecnaphalium obfusifolium)
Dandelion	(Taraxacum officinale)
Fireweed	(Epilobium angustifolium)
Fleabane	(Erigeron strigosus)
Groundsel	(Senecio vulgaris)
Horseweed	(Conyza canadensis)
Oxalis	(Oxalis stricta)
Pearlwort	(Sagina procumbens)
Pepperweed	(Lepidium virginicum)
Pigweed	(Amaranthus retroflexus)
Shepherdspurse	(capsella burse-pastoris)
Sowthistle	(Sonchus arvensis)
Spurge, Garden	(Euphorbia hirta)
Spurge, Prostrate	(Euphorbia humistrata)
Spurge, Spotted	(Euphorbia maculata)

PRECAUTIONS AND LIMITATIONS

Do Not apply to wet or moist foliage.

Do Not apply to plant types whose leaves funnel the herbicide granules to the leaf base, for removal of granules is difficult and can result in foliage injury.

Do Not apply in wind conditions that will affect product distribution. Uneven distribution will result in erratic weed control.

Do Not apply over plants that are producing flush new growth. Tender, new leaves are especially sensitive and injury may result.

Do Not use on any varieties or cultivars unless user is familiar with the results on specific plant materials under his growing conditions.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Causes eye and skin irritation. Avoid contamination of feed and food-stuffs. Keep opened containers away from children and animals. Harmful if swallowed, or absorbed through skin or inhaled. Avoid contact with skin, eyes, or clothing. Avoid breathing dust.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Waterproof gloves
- Shoes plus socks

Follow manufacturer's instruction for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS:

User should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Use with care where applying near any body of water. Apply this product only as specified on the label. Do not contaminate water by cleaning of equipment or disposal of wastes.

STORAGE AND DISPOSAL

STORE in a clean, dry place. Do not contaminate water, fertilizer, other pesticides, food or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide is a violation of Federal Law. Wastes of Lasar should be disposed of by use according to label instructions. If needed, contact local Environmental Control Agency, or Hazardous Waste representatives for recommendations.

CONTAINER DISPOSAL: Completely empty bag contents into application equipment. Dispose of empty bag in a sanitary landfill or by incineration, or, if permitted by local and state authorities, by burning. If burned, stay out of smoke.

NOTICE OF WARRANTY

NO WARRANTY OR REPRESENTATION IS MADE, EXPRESS, OR IMPLIED, CONCERNING THE RESULTS OBTAINED FROM THE USE OF THIS PRODUCT IF NOT USED IN ACCORDANCE WITH DIRECTIONS OR ESTABLISHED SAFE PRACTICE. The exclusive remedy of the user or Buyer, and the limit of liability of KFLP or any other Seller, for any and all losses, injuries or damages resulting from the use of handling of this product shall be the purchase price paid by the user or Buyer for the quantity of this product involved. The Buyer and all users are deemed to have accepted the terms of this Notice, which may be varied only by agreement in writing, signed by a duly authorized representative of KFLP.
