Subject: Compiled Incin Appendices

After you left I remembered something else about the Appendices compilation. Because I will be incorporating Appendix A into each respective ECA, I need to receive these separate from the other appendices. This way, like I did for the January meeting, I will send out three documents for the IP review (i.e., 1) Fluoropolymer ECA with Appendix A, 2) Telomer ECA with Appendix A, and 3) All other appendices).

Please send the appendices compilations as follows:

- 1) Telomer Appendix A.2 by itself
- 2) Telomer Appendix A.4 by itself
- 3) Fluoropolymer Appendices A2-4
- 4) All other appendices in one file

Hope this makes sense.... if not give me a call and we can discuss further.

Thanks.
