Subject: Re:ECA appendices

Thanks for sending a re-revised appendix F.

As I look at the appendices, there are several holes that the Drafting Committee(s) haven't seen in final stages. This includes Appendix E.2 for the final Phase II report; and the revised A.2, 3, & 4 Appendices for fluoropolymers? I think it will be important for the Drafting Committee(s) to look over these materials before the ECAs get sent out for the IP review.
