Subject Re: Contact Information and signer

David:

I've done my best to sort through the 20 + pages of forwarded e-mails from you regarding the signatory page information for the fluoropolymer incineration ECA. Attached are pages 14-18 of the Fluoropolymer Incineration ECA (see attached pdf file = " FP sign pgs - proof.pdf "). Please proof these pages and make corrections as appropriate for names, addresses, and telephone numbers for the technical contacts and Company ECA signatories. The last thing I want to have happen is that someone's name/ address/ phone number is incorrect.

Note that the ECA call for the identification of the Principal Test Sponsor (see Part IV). Since you did not provide this information - Based on your e-mails, I assumed that it will be Allen Weidman.

Also note:

- 1) I do not have an address for Satoshi Doi from Daiken America, Inc.
- 2) Dupont provides only a P.O. Box address. In the event we need to use a courier or overnight express we will need a street address.

Regards,

Rich

Richard W. Leukroth, Jr.
Environmental Scientist / Toxicologist
Chemical Control Division
U.S. Environmental Protection Agency
