OFF-LABEL PERMIT (OLP)
FOR USE OF A REGISTERED AGVET CHEMICAL PRODUCT

PERMIT NUMBER - PER6651

This permit is issued under the Agvet Code, of the relevant jurisdictions, to the person stated above. The holder of the permit must comply with all requirements as specified in the Agvet Code. A summary of the key requirements are that the holder must:

- supply any requested information to the APVMA;
- inform the APVMA if they become aware of any relevant information concerning the uses dealt with by this permit; and
- comply with a lawful direction or requirement of an inspector.

This permit for the reason given below, allows any person listed in 1. Persons to use the products listed in 2. Products for the minor off-label use specified in 3. Directions for Use in the jurisdictions listed in 4. States.

If this permit were not issued use of the products as specified in this permit would constitute an offence under the Agvet Codes.

The persons listed in 1. Persons must comply with all conditions listed in CONDITIONS OF PERMIT to be effectively covered by this permit.

THIS PERMIT IS IN FORCE FROM 10 NOVEMBER 2003 TO 31 OCTOBER 2005.
It is in force until it expires or it is cancelled, suspended or surrendered.

Reason for issue of permit:
Environmental weeds have the ability to dominate local habitat, reduce biological diversity and threten native flora and fauna. Few products are currently registered for the control of many environmental weeds particularly in non agricultural areas, bushland, forests, wetlands, coastal and adjacent areas. This permit allows the use of various herbicides as part of an integrated weed management program in an attempt to achieve long term management of environmental weeds.

DETAILS OF PERMIT

1. Persons
Employees or sub contractors of Sydney Weed & Pest Management Pty Ltd who have completed the Chemcert-Chemical User Training Course or equivalent

2. Products
ROUNDUP HERBICIDE BY MONSANTO
NUFARM BRUSHKILLER 600 HERBICIDE
NUFARM AMICIDE LO-500A SELECTIVE HERBICIDE
STARANE 200 HERBICIDE
Containing: 360 g/L GLYPHOSATE
600 g/kg METSULFURON-METHYL
500 g/L 2,4-D AS THE DIETHANOLAMINE & TRIETHANOLAMINE SALTS
200 g/L FLUROXYPYR AS THE METHYL HEPTYL ESTER

as their active constituents.

3. Directions for Use

</tr>
</tbody>
</table>

Critical Use Comments:
Apply in strict accordance with information listed in attachment 1.
Use of product formulations in aquatic situations; only those specific products which have label approvals currently in place for aquatic use may be used in or near aquatic areas.

4. States
ACT, NSW
(Note: Victoria is not included in this permit because their ‘control-of-use’ legislation means that a permit is not required to legalise this off-label use in VIC).

CONDITIONS OF PERMIT

Use in accordance with Attachment 1.

THIS PERMIT provides for the use of a product in a manner other than specified on the approved label of the product. Unless otherwise stated in this permit, the use of the product must be in accordance with instructions on its label.

PERSONS who wish to prepare for use and/or use the products for the purposes specified in this permit must read, or have read to them, the permit particularly the information included in DETAILS OF PERMIT and CONDITIONS OF PERMIT.
